Prices subject to change.

v.4-26

Microtek is a unique water repellent coating on the glass panel interior. Using the latest technology to offer easy maintenance and a hygienic environment, Microtek protects your glass for up to ten years.

FleurcoSEKUR+ Safety Protection (S.R.T.) is a transparent film bonded directly onto the glass panel exterior by means of an adhesive to improve safety by preventing the tempered glass door from shattering into thousands of pieces in the event of an accident.
